LINE: Alba - TECHNOLOGY: wireless - Mycom - CATEGORY: Audio indoor station

AB4G

Main 4G Alba module - AB4G

Main module for entry door panel in Mycom systems with **4G technology.** In Alba range, it works with Alba installation elements. Standalone or in composition with expansion modules, if installed with power supply only, it allows a complete and reliable system for **access control with no cables and no distance limits.** Audio module on Alba range with electrical door speaker integrated in 4G technology and ready for max 4 calls in double button mode. The call is made by the external panel by using the mobile net (a nano SIM card is necessary but not included) and can be sent to max 3 fixed or mobile telephone numbers, programmable in sequence for each call button. Up to 2 ouputs through the provided relays can be managed separately, for example for a pedestrian door and a gate for vehicles. This item is the ideal solution for an installation without distance limit between external panel and internal station, absolutely without cabling. It can be connected through Alba bus to CT2138AB button module, with total 68 buttons or through digital keypad PD2100AB and/or display DD2140AB for up to 200 users. 2 alarm entrances. Function "calling number recognition for door lock opening (CLIP) through call or SMS for all the users already inside Contacts plus further 200 telephone numbers, alarm management and NAC function (signal for attempted use of the system by a non-authorized user). Programming is made through web interface, app, PC with MyComManager software or SMS. Lighting signals for conversation status indications, relay activation, subscription to telephone net, signal intensity. To be completed with AB20 or AB21, depending on the number of calls to use.

MAIN CHARACTERISTICS

material: **anodised aluminium**

colour: **grey**

button number: **up to 4**

LED signaling: **yes**

modular: **yes**

IP degree: **IP55**

FUNCTIONS

system status: **yes**

TECHNICAL FEATURES

supply voltage: **13 Vac or 24 Vac/Vdc**

DIMENSIONS

height cm **9.1**

width cm **9.9**

depth cm **3.7**
